

Abbreviated SSYC Association Rules

1. Life jackets are to be always worn by all unsupervised children twelve (12) years old or younger when on club property.
2. Dogs must be kept on leashes when not on the boats of members, renters, or guests. The animal's owner is responsible for retrieving animal droppings. No pets are allowed in club buildings.
3. Guests of members shall park outside the club during weekends and holidays. Members are responsible for informing their guests of this policy.
4. Dock box and dingy rack design and installation shall be approved by the Standards Committee or Board of Directors.
5. Alterations to Club property, including docks, are not allowed without written approval of the Board of Directors. Note: Dock cleats may be mounted *through the steel* (required) and not on the ramp of a dock without notice.
6. Vehicles cannot be parked on the grass. This will help us protect the integrity of the Club's landscape and sprinkler heads.
7. During times of high usage (weekends & holidays) please be considerate of other members and park only one vehicle inside the Club.
8. No storage of boats or boat trailers within the confines of the Club.
9. Halyards and all rigging that causes noise must be secured (tied off) to help prevent nuisance noise.
10. No unsightly condition may be allowed to persist as determined by the Board of Directors.
11. Noise, language, and general behavior must be in keeping with a family atmosphere. Quiet shall prevail from eleven p.m. nightly until daybreak.
12. Materials put into the water must not cause a nuisance to anyone, or their property, and must not pollute the water.
13. Members must notify the Club's Secretary of any address or phone number changes.
14. All garbage shall be bagged and disposed of in dumpsters located next to the bathhouses or taken home.
15. Please inform your guest of their expected conduct while they are on club grounds. Members will be held responsible for the actions of their guest.
16. Shareholders should make themselves aware of SSYC Bylaws and be familiar with what would constitute a minor and a major violation.
17. Please stay off the rip-rap as much as possible.
18. A boat, dinghy and/or other floating objects must be properly tied and moored as to not impede the safe approach or departure of boats in adjacent slips, or to pose the possibility of damage to adjacent boats.
19. No fireworks of any kind are allowed within the confines of Club. This includes sparklers, smoke bombs, firecrackers, and legal and illegal fireworks.
20. Refueling of vessels will be restricted to containers of six gallons or less.
21. To avoid ice damage each dock minimum height level must be at or above the club's (gin pole) dock by the second Saturday of October.
22. **Prior** to any vessel being moored in a slip owned by a shareholder (for a period exceeding 24 hrs.) a current-year **Mooring Form** and a copy of the **insurance policy** (minimum \$300,000 liability) for that vessel must be on file.
23. All power cords supplying power to boats in *Sunset Shores Yacht Club* must be three-conductor #10 marine grade AWG wire with insulation designed for use in wet environments.
24. **Effective 2017 Season:** To protect our rip-rap, all boats moored at SSYC must be placed bow in first (i.e. bow towards the rip-rap).
25. All grill use **must be 5 feet** or more from permanent structures.
26. Absolutely *no wet sanding, no dry sanding* (by hand or machine), *no spray painting, or any* unsightly boat projects will be allowed at SSYC. BOD members reserve the right to rule on any such projects to protect members boats and club enjoyment.
27. Only one hull (**the hull listed on the slip's mooring form**) can overnight per slip. Dinghies, jet skis and any other additional watercraft must be stowed on board your boat or removed from the club for overnight.
